William Leavens & Co., Inc., 32 Canal St., Boston, Mass.

Achieving an Atmosphere of Individuality

For those who appreciate the delightful possibilities of furnishing their homes with furniture to harmonize with the wall paper, drapes, rugs and pictures, the Leavens "finished to your order" plan is particularly appealing. For in ordering furniture by this plan you give to your home an atmosphere of individuality impossible to duplicate without the aid of professional decorators. The Leavens "finished to your order" plan is a simple, inexpensive way to buy furniture. All you have to do is to pick out the style and design of furniture, then tell us how you want it finished—stained, painted, or decorated.

From all parts of the country discriminating buyers are taking advantage of this pleasant and satisfactory way to buy furniture. Some prefer to leave the detail of color, decoration or finish to our judgment. When this procedure is followed, the buyer picks out the piece or pieces wanted and sends us samples of the color scheme of the room, with a general description of what is wanted. Others prefer to enjoy the luxury of choosing their own color or finish—giving us the exact decoration, finish and colors wanted.

Either way is satisfactory to both the purchaser and to us. In choosing either method you receive the careful attention of our skilled artists and decorators.

No Two Exactly Alike

Beautiful Windsor Chairs, Tables of modern and early American design, Desks and charming small pieces, as well as Breakfast, Dining and Chamber furniture, are available under the Leavens "finished to your order" plan. If you like hand decorations, you may be sure that no two will be exactly alike, for Leavens specializes in making each piece contribute to the unity of the entire room without sacrificing individuality.

The Colonial Designs Are Authentic

We lay particular emphasis on the importance of design and workmanship. Each piece, be it a reproduction of a fine old Colonial corner cupboard or a stately Ladder Back chair, or some other equally charming early American piece, has to its smallest detail the characteristic style and grace of the original.

Buying Furniture for Present and Future Needs

Leavens furniture may be bought in the same way that books or pearls are bought. As you add a volume to your library, as you add a pearl to a necklace, so you may add another piece of furniture to a set, secure in the knowledge that you can match those pieces you already have!

Judicious buying under the Leavens plan allows you plenty of opportunity to plan the furniture of your present as well as future needs. There is no more pleasant and no more profitable way to make the furniture of your home distinctive, beautiful and permanent than buying the Leavens way.

Costs No More Than Buying Furniture in the Usual Way

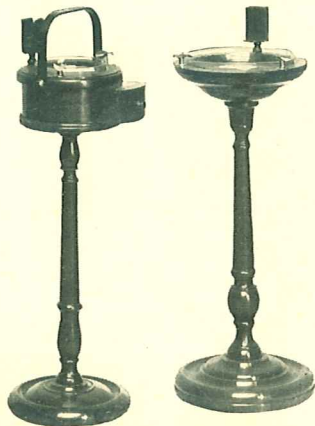

Despite the fact that Leavens Furniture is found in the homes of people who can well afford to buy in the most exclusive furniture shops of the country, our prices are moderate indeed. If you could visit the home of Leavens Furniture you would understand how we can produce finished to order pieces at such reasonable figures. For many years we have made a specialty of this kind of work. At our show-rooms on Canal Street, Boston, you will find many suggestions as to how pieces may be finished to blend or contrast with furnishings already in place. Above is floor after floor piled high with unfinished furniture. Here is every facility for painting, staining, rubbing, decorating—all handled by trained workmen and skilled decorators. Yet in all there is a spirit of art and individuality which expresses itself in every piece of furniture that leaves the Leavens shop. We show on the following pages a few of the more popular pieces and colors. They can do no more than to suggest the endless possibilities of how you can harmonize your home with furniture finished to your order.

Tables

In the scheme of interior decoration, few pieces of furniture are more necessary or more charming than tables. Perhaps it's a bedside table or a table to place in a particular corner or wall space. Every woman knows how the addition of a table will give character and atmosphere to an otherwise rather ordinary room. In the hall, a mirror with a table placed below adds a decorative touch to a part of the house which is often hard to make attractive. Place a table near a corner bookcase and notice how it brightens the entire corner. For the home where there is a smoker in the house, a small side table may often be advantageously placed.

A study of the following pages will give you some idea of the many kinds and styles of tables available to Leavens' customers. In a Butterfly Table one may derive unusual pleasure in that it is an excellent table for many uses; it is simple, beautiful, and an authentic reproduction.

For the small room, the end table with book-trough combines utility with beauty. The Gateleg Table, very much in vogue at this time, is one of those tables that adds a great deal to the character of the home. It folds down to occupy a small space and may be enlarged and used for an extra table for tea or bridge.

In choosing a table, one must bear in mind that the majority of tables may be had decorated or striped, painted or finished in natural wood. Leavens "Finished to Your Order" plan (described in full on Page 3) is unusually attractive for those who want to buy a table to fit into the present room furnishings or for those who plan on adding other pieces of furniture at a later date.

The Heritage of Another Day

The heritage of the Windsor Chair is one of America's most prized possessions. While the first Windsors were made in England, a large number were later made in America. Their great popularity on this Continent during the early days of the Colonies and through the 18th Century has made them pre-eminently an American product.

The same beauty and charm, the same comfort and strength that appealed to the contemporaries of George Washington appeal to American home-lovers today.

Leavens Windsors illustrated here are authentic reproductions of the early American Windsors. These chairs are typical of all Leavens furniture, are unusually low-priced, and may be finished in natural wood or in any color. They may also be striped or decorated according to your desire.

There is a Windsor Chair for every room in the home. In the dining room, the simple beauty of such side chairs as BARBARA or PLYMOUTH blend pleasantly with almost any companion piece. For the living room, the GOVERNOR HANCOCK Arm Chair is one of the most comfortable and dignified of all chairs. Many persons use the DUXBURY Windsor with desk or writing table. A Windsor Chair placed in the hallway or library adds considerably to the attractiveness of the home. Indeed, there is no room where a Windsor may not be used effectively.

In the Leavens Windsors you will note the same grace of line, strength, material and finish so characteristic of the early Windsors. You will find, too, that these chairs combine at once the rare qualities of comfort, beauty, strength and economy.

In offering these chairs to you we should like you to feel that no effort has been spared to make these chairs reflect and express the true spirit of Colonial days.

Breakfast Set

The charm of this particular set lies quite as much in the design of the pieces as in their color and decorations. The rush bottom chairs are reproductions of the famous Hitchcock Chairs which were first made in this country in 1826. The Gateleg Table follows a graceful Colonial design. The Welsh Dresser is a free adaptation of the old cupboards which once adorned Colonial kitchens. It is also supplied without the top. Colors, of course, are of your own choosing,—as are individual pieces.

CHAIR—RUSH SEAT

No. 1239. Birch only. Weight, 9 lbs.

No. 1239½. Rocker to match.
Weight, 10 lbs.

In Ordering Leavens Furniture

For many years Leavens Furniture has been sold and shipped to all parts of the country and even to many foreign countries. Distance presents no difficulties. Of course, it is interesting to come to our showrooms and select your furniture and to talk with our decorators regarding finish and decorations, but we have hundreds of satisfied customers living thousands of miles from our showroom who have furnished their homes through the "finished to your order" plan described in the preceding pages of this Catalog.

A large amount of our business is done in this manner. Over a period of many years of experience we have learned to meet the demands of our distant customers and to please them in every respect.

This Catalog does not illustrate the complete line of Leavens Furniture. There are other attractive pieces which you may order on the "finished to your order" plan and there are also single pieces and suites for every room in your home, sold as standard in finish and decorations. If you do not find just what you want in this Catalog, we will be glad to supply you with additional illustrations on request.

Information for Ordering

Select from this Catalog the pieces or sets you wish to order. The enclosed Order Blank is for your convenience. Be sure to fill in all necessary information—such as the stock number of the pieces, the size desired when pieces come in more than one size, and the finish, whether stain, gloss enamel or rubbed enamel. Enclose a sample of the color you wish, if possible, such as a sample of overdrapes, wall paper or whatever you wish matched for color. Remember that decorations, when desired, must be ordered. All Leavens decorations are painted by skilled artists; no stencils are used, and you, therefore, may have any decorative motif you want at small additional cost. In ordering, enclose a suggestion of the decoration desired.

If you prefer, you may give us a description of what you wish as to color and decorations, outlining the color scheme of your interior, and leave the details to be worked out by our interior decorating department.

Guarantee

Leavens Furniture is guaranteed as represented, and we will appreciate it if any customer will call to our attention any error in the furniture, finish, or bills.

All pieces carefully prepared for shipment.

Enjoy the Luxury of Choosing Your Own Color or Finish

IN the Leavens "Finished to your Order" plan, you may have just the pieces of furniture you want finished and decorated in harmony with the interiors of your own home. All you have to do is pick out the style and design of furniture, then tell us how you want it finished — stained, painted or decorated.

Taste and refinement are reflected in a multitude of beautiful colors from which to choose: Jade Green, Black, Antique Mulberry, Ivory, Rust, or what you will. Not only may your furniture express the very latest in color fashion but it can be made to match your own interiors just as you desire. Best of all, the cost is no greater than buying furniture in the usual way.

The new Leavens Catalog describes the plan of ordering furniture unfinished, furniture stained or furniture painted and decorated. It is fully illustrated, showing beautiful Windsor Chairs, Tables, Desks and other small pieces, as well as Breakfast Room and Chamber furniture. If you would like this catalog, please write your name and address plainly on the line below and mail to William Leavens & Co., Inc., 32 Canal St., (Div. A-3) Boston, Mass.

The bedroom set illustrates how effectively color may be used for decorative purposes. As is typical of Leavens offerings, this set may be had in any finish or color, and decorated as you wish.
